ABOUT US

Our mission is to transform lives by pioneering innovative services for justice-impacted individuals.
We integrate emerging technologies into our cutting-edge and evidence-informed educational and rehabilitative services to create personalized learning and shape unique paths towards success. We strive to offer a hand up not a hand out and to create opportunities so every individual has the chance to thrive.

Our VR-program, ***"Reimagining Reality"***, provides youth, inmates, and returning citizens with an innovative learning experience that blends virtual reality and performing arts with CBT principles and social-emotional learning. Through VR simulations and role-playing experiences facilitated in a safe and structured environment, participants are able to rehearse life's challenges while learning to respond to situations with intention and empathy.

Educational Programs

Reimagining Reality: VR Program

- **Youth Program**
  - Blending VR and creative expression, this program helps young people build self-awareness, emotional regulation, and resilience. Participants learn to navigate challenges with intention and empathy, gaining skills that support lifelong growth and leadership.
- **Prison** *(Reimagining Re-entry)* **Program**
  - Unlike traditional programs that begin after release, we bring preparation inside. Through immersive VR and guided reflection, participants rehearse real-world situations, develop emotional control, and build the mindset needed to thrive upon reentry.
- **Re-Entry Program**
  - This program supports returning citizens in rebuilding confidence, stability, and purpose. Through applied learning and cognitive-behavioral tools, participants strengthen self-leadership and reconnect with their goals, families, and communities.

Made New Academy

- An advanced virtual course cultivating "reconnected leadership" – the ability to guide others through authenticity, self-awareness, and service. Graduates emerge as role models for transformation within their families and communities.

FOUNDING TEAM

Rafael Quiroz

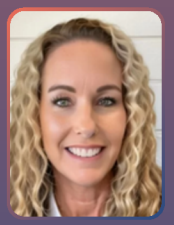
Rafael is a business owner and motivational speaker who turned a life sentence into a mission to empower others through education, faith, and purpose.

Major Bunton

Major, an Inglewood native , a fitness trainer, and the Director of Community at Creative Acts, uses creative expression to foster healing, recovery, and community growth.

Sithy Bin

Sithy, founder of Sithy In Session LLC and co-creator of Made New Foundation, transforms reentry and rehabilitation through empathy, emotional intelligence, and innovation.



Shannon Royster

Shannon is a seasoned advocate with over 20 years in youth and community health, serving as a leader, trainer, and mentor dedicated to empowering youth and families across the Central Coast.

Community & Support Services

- **The Path Forward Board Game**
  - Curriculum-aligned board game to engage participants in reflection, flexible thinking, and personal growth. We also develop custom games and creative learning resources tailored to partner needs in alignment with CBT and SEL principles.
- **Ride Home Program**
  - Provides transportation and immediate reentry support for returning citizens, including shopping for essentials, connecting with family, and coordinating communication prior to release.
- **Housing & Employment Partnerships**
  - In collaboration with Dream Life Hope (DLH) and other partners, we connect participants to stable housing and provide job opportunities for both youth and returning citizens.
- **Immersive Outreach Program**
  - Brings resources and outreach materials to life through immersive VR experiences expanding access and visibility for reentry and community-based initiatives.
